Subject: DMV Testimony- H.B.- 5041

It is unclear to me what is being proposed by this bill outside of providing more services by AAA. I am unable to find the specific details of the bill on-line.

That said, in general, I support privatization of State Services. However, there must be a corresponding reduction of staff and administrative expense for services being provided by the DMV.

If this is the intent of the bill then I support it. Bottom-line, the DMV has proven to be a high overhead, low service level agency with a poor track record of optimization.
